

## BERNALILLO COUNTY FIRE

- Service the North Valley, South Valley & East Mountains
- 13 Stations
- 3 Brush Trucks & 3 Tenders per region
- 20-25 Firefighters per region
- 5 Personnel per station
  - 24/7 365
- 911 Response
- Work with partnering agencies for mutual aid response

# MITIGATION

- New Mexico Forestry Division
- USFS
- Kirtland AFB
- Albuquerque Open Space Division
- Ciudad Soil and Water Conservation District
- Middle Rio Grande Conservancy District
- East Mtn. Wildfire Preparedness Association
- Team Rubicon
- We partner with these agencies to ensure the efforts are in line with the priorities of our Community Wildfire Protection Plan.

## FIRE ENVIRONMENT

#### Home Ignition Zone

If you live next to a natural vegetation area, you should provide firefighters with the space they need to protect your home. Create a buffer zone by removing weeds, brush, and other vegetation.

This helps keep the fire away from your home and reduces the risk from flying embers.

#### Wildfire Embers Can Travel

#### Over One Mile

A home within one mile of a natural area is considered a part of an ember zone, where wind-driven embers can be a risk to your property. You and your home must be prepared well before a fi re occurs. Ember fi res can destroy homes or neighborhoods far from the actual front of the fire.

## **CONSIDER THIS**

Flammable vegetation between and around homes and outbuildings increases the risk of wildfire spreading throughout the community, endangering lives and property.

Pre-fire planning, vegetation management, and sufficient breaks in vegetation allow firefighters an opportunity to keep fire from entering the community.

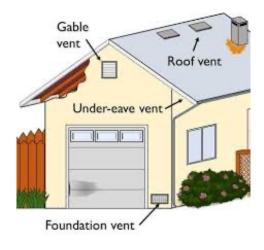

# DEFENSIBLE SPACE ZONE O

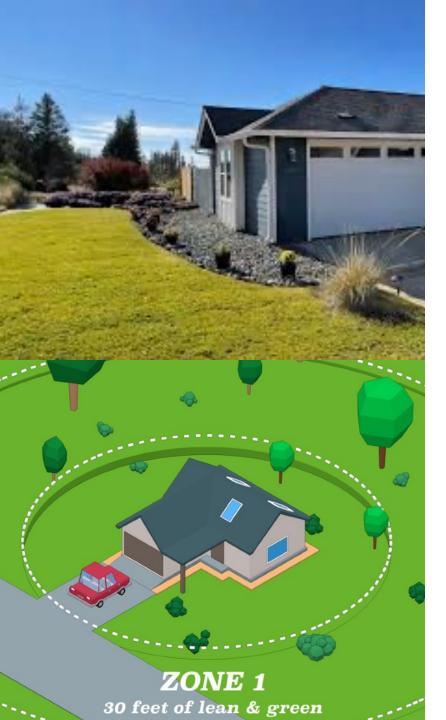

# Home Hardening

- Focus on ember wash from wildfires
- Construction Materials
- Filling gaps and penetrations that embers could fly into
- Seal eaves & screen vents

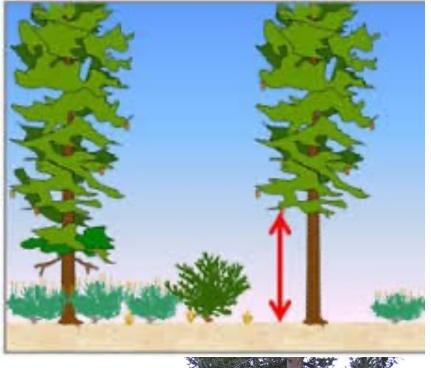

# DEFENSIBLE SPACE ZONE 1

 0-5 feet around home hard surfaces no combustibles

 5-30 feet use non woody low growing herbaceous vegetation

# DEFENSIBLE SPACE ZONE 2

- 30-100 feet
- Create vegetation groups or islands
- Break up continuous fuels
- Reduce ladder fuels

# DEFENSIBLE SPACE ZONE 3

- 100-200 feet
- 10 feet spacing between trees
- Remove ladder fuels and dead trees

## CREATING FIRE RESISTANT LANDSCAPES

- Defensible Space Walkthroughs
  - BCFR-Walk your property and give advice on defensible space
  - Email wildland coordinator for an appointment
- The County is working on a green waste voucher program
  - Free vouchers for homeowners to take green waste to the transfer stations instead of the two weeks a year it currently is

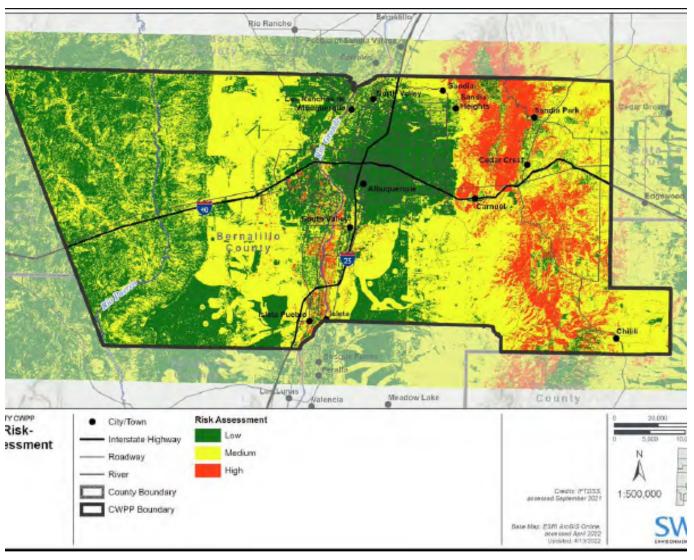

# STRUCTURE TRIAGE WHAT FIREFIGHTERS LOOK AT

- Defensible-Standalone
  - Good defensible space
  - Building materials are fire resistant
  - Needs no work-Fuels are away from structure
- Defensible-Prep and Hold
  - Good defensible space
  - Building materials are fire resistant
  - Needs minimal work to remove fuels
  - Safety Zone Present

- Non-Defensible-Prep and Leave
  - Moderate defensible space
  - Building materials mostly fire resistant
  - Needs work to remove fuels
  - Have enough time to prep
  - No Safety Zone present
- Non-Defensible-Rescue Drive-by
  - Little defensible space
  - Building materials are flammable
  - No safety zone
  - Not enough time to commit
  - Not worth committing resources
  - Will go back after fire front passes

### HOME INSURANCE

- If you or anyone you know is being dropped by your insurance due to wildfire risk, send the wildland coordinator an email.
  - NM state Forestry Division is compiling the data of where and why this is happening
  - Hopefully in the future we can tailor mitigation efforts and programs to address some of these issues

I. Composite Risk-Hazard Assessment.

## **MATERIALS**

- CRR pamphlets
  - Information on defensible space and home hazard assessment QR code
- CRR wildland survey
- o Ready, Set, Go!
  - Preparedness
  - Defensible space
  - Go bags
  - Evacuations
- Living With Fire
  - Homeowners guide to creating a defensible space
  - Information on evacuations

#### **Wildfire Evacuation Checklist**

**People and Pets** 

Papers and Important Documents

Prescriptions/Meds and Eyeglasses

Pictures and Irrepaceable Mementos

Personal computers and cell phones

Plastic (credit cards),
wallet and cash
